Surprised On Their Silver Anniversary

A large crowd gathered at the Legion Hall Saturday evening on the pretense of having a card party and quilt raffle. The true nature of the party was to surprise our neighbors, Mr. and Mrs. Archie Cook on the occasion of their 25th Wedding Anniversary.

On entering the candle-lit hall, Archie and Alice were escorted to the seats of honor by Mrs. E. Fenton, to the strains of the Wedding March played by Mrs. M. Enger.

Miss Joyce Cook came forward and pinned a lovely corsage at her mother's shoulder and a carnation in her father's lapel.

Mr. E. Fenton as master of ceremony, spoke a few words regarding our purpose for being present. A short program followed which consisted of community singing, two solos by Gloria Savard, a vocal duet by Joyce Dossion and Carolyn Inkin. Two amusing contests were conducted by Mrs. E. Prosser and Mrs. R. Dempsey. A song written for the occasion by Mrs. H. Morse was sung by the Battle River Ladies.

Mrs. Eldon Fenton, on behalf of friends and neighbors, presented a chair and purse to the honored guests.

Alice and Archie were very sincerely thanked the donors.

Cards were then enjoyed for about an hour. A lovely lunch was served, including a beautiful wedding cake made by Mrs. E. Fenton and decorated by her daughter, Mrs. J. Tindall of Sedgewick.

Out-of-town guests for the occasion were Archie's parents, Mr. and Mrs. Oscar Cook and son Lester of Gahalah, friends Mr. and Mrs. Len Kilchinger of Gahalah, Mrs. Edna Smith and Mrs. H. Pruess of Calgary, Miss Joyce Cook of Cold Lake, Mr. and Mrs. Alan McFarland of Wainwright.

Another memorable evening came to a close with the singing of "For They Are Jolly Good Fellows" and "Auld Lang Syne" and hoping Alice and Archie will have many more happy anniversaries.

NORTH EAST CORNER

Mr. and Mrs. Paul Nemyo, Elizabeth and Michael were Edmonton visitors at the weekend.

Mr. and Mrs. Oscar Cook and Lester, and Mr. and Mrs. Len Kilchinger of Gahalah were here on Saturday night to help Alice and Archie celebrate their 25th anniversary. Joyce prepared a family dinner in honor of her parents Saturday evening. Mrs. Edna Smith of Calgary was also able to join the family.

On Friday, Mr. and Mrs. Howard Oldham and girls were Edmonton visitors.

Last week Mrs. Alice Cook took part in two bonspiels. At Vermilion she was on the rink which took second prize and they brought home first for Hardisty. Pretty good going for a person who has been married for 25 years. This week Archie is trying his luck at Wainwright.

On Monday Joyce Cook left Edmonton on route back to her job at Cold Lake. Two of our little folk had birthdays on Monday. Patti Kirkman was 7 and Kenny Kirkman was 6 years old. Congratulations to both.

WITH THE District Agriculturist

By J. S. Duncan

Municipal Seed Cleaning Plants:

There appears to be a feeling among some farmers that these plants are not doing as good a job of cleaning as they should. I have heard it said that the plant at Wainwright is one of these. These seed cleaning plants are capable of cleaning grain to any standard desired provided that the owner of the seed will let the plant operator do a good job. It must be realized that in order to take out weed seeds, cracked grain, etc. it is necessary to take out a percentage of good grain also. The farmer bringing the seed to the plant tells the operator, or should tell him, how he wants the seed cleaned and the operator will do it. If the farmer isn't satisfied he should say so before the grain leaves the plant and if it needs it the seed will be recleaned free of charge. Farmers should become acquainted with seed standards. There are three main purity standards, which are registered, certified and commercial. If you bring your grain cleaned to commercial number three standard it may have up to 100 weed seeds per lb. left in it and still be within that grade. On the other extreme is registered number one which may not have more than 3 weed seeds per pound. So don't criticize a job of cleaning unless you know what standard the owner wanted it cleaned to. Anyone who feels that the Wainwright Plant has not done a proper job is welcome to bring me the details and I will gladly look into it.

Don't Buy It

It is reported that salesmen are peddling Sorghum Alum in Alberta. This is supposedly a cross between Sorghum and Johnson Grass. As sorghum is a high temperature crop and Johnson grass is a noxious weed in the United States it is not likely that the combination will be useful in Canada. In fact we might find ourselves fighting a serious weed. Experimental work to date indicates that most of our recommended forage crops will do more for us than this new one is likely to.

Easterly Echoes

Mr. S. Fenton is attending the Calgary Bull Sale this week.

Mrs. Eldon Fenton is attending the Grand Lodge of LOBA in Calgary this week.

The Battle River Ladies Club are planning to have a "Crib" party on March 31 in the Legion Hall at which time they will raffle their quilt.

Our M.P. Cliff Smallwood spoke from Parliament Hill on Wednesday, March 11.

Several of our curlers are taking part in the Wainwright spring bonspiel this week.

Mr. and Mrs. Oscar Cook and son Lester, Mr. and Mrs. Len Kilchinger of Gahalah and Mrs. Edna Smith were out of town guests at the 25th Anniversary supper for Mr. and Mrs. Archie Cook on Saturday evening.

Mrs. J. J. Kennedy is planning to go to Toronto, Ont. on a well deserved holiday very soon, to visit her brother Johnny, whom she hasn't seen for 20 years. Happy holidays, Mary.

Mr. P. Funk is a patient in the University Hospital. Mrs. P. Funk and Larry visited him on Sunday.

Mr. and Mrs. Ted Hill and girls visited with Mr. and Mrs. Cecil Lockhart of Jarrow on Sunday.

Mr. and Mrs. Eddie Jackson and family visited at the home of Mr. and Mrs. George Jackson of Sedgewick on Sunday.

Mr. and Mrs. H. Long and family attended a Bean supper at the Wainwright Army Camp Friday evening.

Stan Alred celebrated his 3rd birthday on Sunday.

NEWS FROM THE JACKSONS'

1733 Hillview Place,
St. Helena, Calif.

Sunday, March 1st, 1969.

Dear Winnie,

Since we last wrote on Feb. 6th, we have done considerable travelling and sightseeing. Amongst the other places of interest, we visited Disneyland and spent almost a whole day in taking in the unusual sights. To experience all the thrills of that fantastic place, a person would almost need to have won an Irish Sweepstake. Minnie and I took a boat trip down a jungle river which at one point the guide referred to as the Amazon, but later it turned into the Zambesi where the water was lashed by convulsive crocodons and alligators which seemed to charge in at the boat with mouths opened so wide they could have swallowed a medium sized person. The guide fired his revolver at these ferocious reptiles several times, presumably to scare them away. Along the banks of this tropical stream, partly hidden by heavy tropical growth of plants, vines, and creeping plants of many kinds, we beheld many species of wild animals, including elephants, giraffes, gorillas, zebras, and lions. Hippopotamuses partly submerged were placidly feeding on water plants. Most of the other animals were in the act of feeding and fighting flies and insects. Farther along, we passed a waterfall, a miniature Niagara which over shot our boat and drenched us with spray. Finally rounding a bend we beheld a typical African village where the scantily attired warriors were executing a war dance to the music of reverberating drums. Last, but not least, we saw, quite close to the water's edge, several men carrying specimens of their work—human heads which had been shrunk to the size of a grapefruit and even smaller. These ferocious specimens of the Amazon seem to be bent on adding to their grizzly collection, and we were saved from their clutches by the fast action of the pilot of our boat who fired his revolver several times in rapid succession at point blank range. It was all so realistic we had difficulty believing that the life-like creatures we had seen were mechanically animated.

We also saw The Trip to the Moon, Tom Sawyer's Island, the Mississippi paddle wheel steamer, Fantasy Land, etc. and we also witnessed several plays of Aunt Jemima pan-cake races, which were run down Main Street. (The contestants were the winners from many outside States). Each contestant had a fry pan and a pan-cake. Ribbons were stretched across the street at several points and the racing ladies had to flip the pan-cakes over the ribbons as they ran and caught it again as it came down on the other side.

Finally on leaving, we went in to register and found they had a separate register for each state and also one for Canada. We were surprised to find that almost five pages of the ledger were taken up with the names of Canadians who had registered in the first seven days of February. They were mostly from New Brunswick, Quebec and the four western provinces—some were from Red Deer and Ponoka. Disneyland is well worth seeing. (Continued next week)

Card of Thanks

I wish to thank the many friends and neighbors for letters, cards and treats while I was in the hospital, also to those who visited me. Your thoughtfulness was very much appreciated. Many thanks.—Mrs. A. Owen.

NOTICE

The Annual Meeting of the Greater Rural Electric Assoc. will be held in the Legion Hall on March 25th at 8 p.m. 12-30

All things come to those who wait on themselves.

A straight tip on a sure thing usually demonstrates the uncertainties of life.

Cub Corner

The Cub and Scout Rally is over. The Irma Boys really did their very best. The Leaders Group Committee and parents are indeed proud of them. Nearly all the boys were in attendance as well as quite a lot of the parents.

The bake sale on Saturday was quite successful also. We think we are making progress now.

We understand a group of interested citizens are sponsoring an Old Time Fiddlers' Contest in Irma School Auditorium on Mar. 31. The proceeds from the project is for the local Cub Pack.

Recruits Wanted for Band in Irma

Mrs. G. Hurst is interested in forming a Band for youngsters in Irma. We understand that Band lessons will start from "scratch" and any youngster old enough to blow a horn will be entitled to join. Will all interested members of the younger set please contact Mrs. Hurst on or before March 26th.

This sounds like a good chance for any child who has musical aspirations.

Easter Cantata at Alliance Church

An Easter Cantata will be presented on Wednesday evening in the Alliance Church at 8 o'clock. The visiting choir which is rendering this special program comes to Irma from the Alliance Church in Vermilion and will be accompanied by Rev. J. M. Schroeder. The choir has put a great deal of time and practice into this cantata, and is worthy of the public's attention. The program is made up of all the varied forms of vocal music and will be a fine introduction to the Easter season. Everyone is cordially invited to attend.

Alberta Legislature In Session

By Ken Mason

EDMONTON, Alta., March 19.—For years Alberta has clung proudly to the claim that it is one of the few rat-free areas in North America, if not the only one.

Last week the Legislature was plodding quietly through the agriculture department budget estimates when the discussion turned to the province's costly rat control program carried on along the Saskatchewan border.

Agriculture Minister Halmrast reported the program continues to be successful in restricting the rats to a narrow strip along the border.

Then the rat fell in. Michael Maccagno, Liberal from Lac La Biche, informed the House that a farm at Scapa, about 25 miles south of Castor, is raising mutant but nonetheless genuine Norway rats.

And under a provincial government fur licence, at that.

What followed was easily the wildest and best debate of the session to date. For more than an hour members exchanged angry words, tempered by the odd joke.

Mr. Halmrast was caught off guard. So far as he knew the animals at Scapa were brought to the province in the fall of 1956 as fur-bearers.

"Maybe so, Mr. Maccagno replied, but despite the fancy name they're nothing but rats. Then to top it off he read from the annual report of Mr. Halmrast's department which said rodents experts at the British Museum had identified the critters as mutant Norway rats.

Mr. Halmrast felt it was nothing to get excited about. He pointed out that the mura are kept in escape-proof buildings and that they are under scrutiny of provincial pest control officers.

This didn't satisfy the Opposition members. They warned of the dire consequences if the animals escaped and began to multiply at their fantastically fast rate (the gestation period is around 17 days).

A word of background on mura. The animals were developed in Germany as a potential fur-bearer. They are rats which have undergone genetic changes to produce different colors. They come in shades of black, brown, white, palomino and sapphire blue.

"Just rats of a different color," said Liberal Opposition Leader J. W. Grant MacEwan.

Charged Mr. Maccagno: "On the one hand you exterminate rats and on the other hand we raise them."

Said Hugh John MacDonald, Calgary Liberal: "It amounts to having a rat farm right in the middle of the province."

The emotion-charged debate produced some of the best copy of the session. Mr. Maccagno, a fur farming expert, had nothing but scorn for the mura pelts.

With a grand flourish, he produced a luxuriant chinchilla pelt from his pocket and proclaimed: "Now that's fur." Producing some sample mura pelts from another pocket, he declared: "That's nothing but hide."

Not only that, he claimed, but the fur is worthless—the fur auction sales won't handle it. There is no market for it, and that's where the danger lies—someone will try to create a market and the public could suffer, he said.

The storm appeared to have subsided by the weekend. The day after the debate, Mr. Halmrast informed the house the owner of the farm had died and his family didn't seem interested in carrying on the enterprise. The animals probably will be killed and pelts this spring, he said.

If this happens, provincial pest control officers probably will breathe easier. They've been wary of the mura ever since they arrived.

The poster-lined rats lack the characteristic hardness and adaptability of grey-brown Norway rats, and they are unable to fend for themselves.

Echo - Rodino

Mr. and Mrs. W. Revill are at home after a three-month holiday in the south.

Five tables of Variety Whist were played at Rodino Tuesday evening. The Y.P.S. served coffee.

Mr. Jack Campbell recently visited a sister in Calgary.

A number of families hereabouts are revelling over new refrigerators, which the power has made available.

Tommy Winfield attended the Square Dance at Edgerton this week.

Misses Goldie Hunter and Irene Shipley have been staying with their aunt, Mrs. R. Holler, this week, while the latter's husband has been away to Calgary visiting his sister, Mrs. Ethel Massey.

Mr. and Mrs. H. Vanderveate enjoyed an evening of Square Dancing at Vegreville Wednesday.

Mr. and Mrs. Louise Anderson of Sedgewick were Sunday guests at the home of Mr. and Mrs. Ollie Holler.

Miss Anne Savage of Irma spent Thursday night with Christina's 12th milestone.

Mr. and Mrs. A. Beckett motored to Two Hills Saturday.

Reg. Vanderveate was honored with first prize in his group at the Viking Amateur program Friday evening for his solo, "Where the River Shannon Flows."

Mrs. Ruth Landers is substituting for grades 6, 7 and 8 at the Albert School while Mr. Ches. Spornitz is laid up with scarlet fever.

Miss Irene Shipley entertained her friend, Barbara Hardy on Monday.

Failure demonstrates the fact there also plenty of room at the bottom.

back to the original type.

It was the brightest debate the House has seen in a long time, but Agriculture Minister Halmrast didn't deserve the abuse which was heaped on him. His department's rat control campaign is without doubt the best on the continent, probably the only one of its kind in North America.

Members of the House earned their seasonal indemnities last week. They worked day and night plowing through the budget estimates which have to be finished by March 31 so the government will have some money to spend in the new fiscal year.

Opposition members are persistently questioning nearly every item in the estimates, with the result that the operation is moving at a painfully slow pace.

It begins to look now as though the session won't end by Easter. Once the estimates are passed, the House will have to give clause-by-clause study to a hundred or so bills. Opposition questioning could drag that out too.

Other highlights of the week: The assembly was unanimous in passing a Social Credit motion calling on the federal government to reach an agreement with the U.S. government on sharing the cost of paving the Alaska Highway through northern Canada.

Ira McLaughlin (SC-Grande Prairie) introduced the motion and it was seconded by A. O. Gimre (SC-Spirit River).

Members also were unanimous on a Social Credit motion calling on the federal government to pass stronger laws against indecent literature.

A Liberal resolution asking the government for a royal commission to assess Alberta's natural resources needs and policies for the next 50 years was defeated by the Social Credit majority.

Members missed a drawn out debate on farm credit by passing a motion asking the government to examine the whole field of agricultural credit. The examination will be carried out "with a view to evolving in conjunction with the federal government and existing loan agencies co-ordinated facilities to meet legitimate needs of the agricultural industry."

This started as a Liberal motion seeking a provincial farm credit system which would make loans up to \$25,000 available for all purposes. But the House passed an amendment introduced by Chester Sayers (SC-Camrose) striking out most of the original wording and substituting the wording above.

Mrs. J. H. Roddick Elected President- Presbytery W.A.

The seventh annual meeting of St. Paul United Presbytery W.A. was held on March 4th at MacQueen Memorial Church, Mannville, with 93 delegates in attendance.

The theme of the meeting "The Forward Look" was the topic of the guest speaker Rev. J. Short of Kitscoty. He stated that the loyalty of the women of the W.A. is to the total program of the Church and that a Christ-like program for a Christ-centered Church is the only program that will fit and the only one that is right.

Mrs. J. H. Roddick of Viking gave the devotional bearing the message that our faith must show in every act of our daily life before we can truly call ourselves Christian.

"Just For Today" was the section chosen by the soloist Mrs. W. C. Laird of Kitscoty. Mrs. G. Davidson, Lloydminster was organist throughout the day and Mrs. B. Bird of Vegreville conducted a sing-song during the morning session.

The following slate of officers was installed by Rev. J. Short of Kitscoty:

President, Mrs. J. H. Roddick, Viking; 1st Vice-President, Mrs. W. McLean, Lloydminster; 2nd Vice-President, Mrs. H. C. Martin, Cold Lake; 3rd Vice-President, Mrs. Manson Barr, Vermilion; Literature Convener, Mrs. J. C. McLean, Irma; Manse Convener, Mrs. Manson Barr, Vermilion; Leadership Training, Mrs. C. Gamble, Mannville; Press and Publicity, Miss E. Lothian, Ranfurly.

Mrs. W. C. Laird of Kitscoty was nominated official W.A. representative on the Lake Whitney Camp Committee.

Gracious hospitality was extended to the delegates by the Mannville W.A. and all enjoyed meeting in the new church building.

A vote of thanks was given Mrs. Lillian Graham of Lloydminster, Past President, for the splendid work of organization she accomplished as President.

Viking will be host to the next Annual Meeting to be held on the 2nd Wednesday in March 1960.

Farm Leaders' Conference in Banff

Duncan Campbell, Director of the Department of Extension of the University of Alberta, has announced the arrangements of a Western Canadian Farm Leaders' Conference to be held in Banff, March 23 to March 27, 1959.

The purpose of this Conference is to provide a forum to senior leaders of western Canadian farm organizations in which they might discuss major problems facing agriculture.

The emphasis of the Conference will be on three major areas—the impact of economic growth on agriculture, the changing world community and human relations.

THE WORLD OF WHEAT

BY W. G. MALAHAR, Director, Research Department, SEARLE GRAIN COMPANY, LIMITED

A VARIETY PLOT FOR THE FARM

Continuing a service that was started several years ago with very successful results, The Crop Testing Plan will again be glad to serve as long as the supply lasts, a set of true-to-variety seeds of some 30 different varieties of grains to any farmer who will undertake to sow and care for a small plot on his farm. Such a plot will provide an excellent opportunity to compare the performance of different varieties under local conditions and to make many interesting observations regarding them.

These lots of seed include not only the standard varieties of wheat, oats, barley and flax but also some of the newer varieties that have been licensed in recent years. As the number of sets available is strictly limited, and preference will have to be given to requests received from farmers who are located some distance from an Experimental Farm. In this way, those who would not ordinarily have the opportunity of seeing and comparing the various varieties under test will be able to have a local plot, at home, that will be of interest not only to themselves but also to the whole neighborhood.

Those interested should apply to: The Crop Testing Plan, Searle Grain Company, 365 Grain Exchange Bld., Winnipeg 2, Manitoba, giving the legal description of the land on which the plot would be seeded.

PLAN TO TREAT YOUR SEED

Available today are a number of reliable organic mercury chemicals for the treatment of seed which give very satisfactory protection at a relatively small cost per bushel. In addition, there is now protection, in the form of dual purpose treatments, against seedling blight, root rot and wireworm damage.

It will pay to protect your 1959 crops against seed borne diseases and other hazards by using one of the recommended treatments.

**A Guide to Better Gardening:**

Want to minimize gardening

disappointments this year? Well,

perhaps it is fairly early to be

thinking about gardening but

numerous homemakers are al-

ready pondering over several

seed catalogues. One way of do-

ing it is by obtaining the Al-

berta Horticultural Guide. Used

in connection with other gar-

dening books and seed catalogues

it provides realistic results you

can expect from your plantings.

The Alberta Horticultural Ad-

visory Committee has compiled

this cannot-be-spared booklet.

Tested varieties best suited to

your region are recommended in

the lists of annual flowers, her-

baceous perennials and peren-

nials suited for rock gardens and

other lists. There's a section de-

voted to culture, propagation and

storage of dahlias and other facts

about irises, gladioli and peonies.

Much information is given

on vegetables, their spacing, ap-

proximate yields and freezing

varieties. If your plants are

plagued by beetles, bugs, mag-

gots, red spider, mites, ants, or

rodents you'll find control mea-

sure instruction in the Horticul-

tural Guide. If fungus and bac-

terial diseases are your worry,

effective chemicals and sprays

are advised.

Not to be forgotten are num-

erous tree and shrub types in-

cluding fruit bearing varieties

along with planting instructions.

This valuable publication is free

and available from our office.

4-H Garden Clubs:

Now that March has arrived,

it will soon be time to organize

Garden Clubs for the coming

season. Here are the require-

ments: 1. Eight girls between the

ages of 12 and 20. 2. A local

leader and assistant leader, pre-

ferably an older woman or girl.

Seeds are provided free of

charge and each club member is

required to look after a small

garden plot grown from the seeds

provided. The use and preserva-

tion of the vegetables are includ-

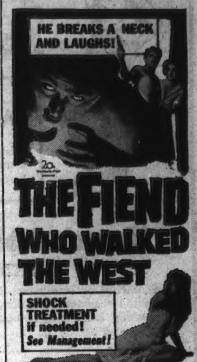

ed in the lessons as well as flow-

er arranging. Garden plots are

judged during the summer and

an Achievement Day is held in

the early fall.

- Public Notice -

By the Board of Trustees of The Wainwright School Division No. 32 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Wainwright School Division No. 32, of the Province of Alberta, that the sum of \$155,000.00 (one hundred fifty-five thousand dollars) should be borrowed on the security of the said Division by the issue of Debentures repayable to the bearer in twenty (20) equal consecutive annual instalments with interest at the rate of no more than six per centum per annum for the following purposes, namely:

1. Constructing and equipping an eight-room school with gymnasium in the Town of Wainwright.
2. Constructing and equipping two additional classrooms in the Village of Irma.
3. Renovations to school shop at Wainwright.

THEREFORE, notice is hereby given by the Board of the said School Division that unless a poll of the proprietary electors of the said School Division for and against the said debenture loan is demanded as provided by The School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

F. M. HILL, (Chairman).

Dated at Wainwright this 6 day of March, 1959.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DIVISION

A poll may be demanded in a School Division by a demand signed by five proprietary electors of each of at least twenty per cent of the districts in the division.

Every demand for a poll must be delivered to the Secretary of the Division or, in his absence, to the Chairman of the Board of Trustees, within Fifteen days after the date of posting or of the last publication in a newspaper of this notice. A certified copy of the demand must be forwarded forthwith to the Board of Public Utility Commissioners of Alberta at Edmonton.

"Proprietary elector" means an elector, who is liable to assessment and taxation for school purposes in respect of any property situate in the School Division.
